

ForceField® Fine Stone Cleaner & Protector

OVERVIEW

ForceField® Fine Stone Cleaner and Protector is professional strength and especially designed for use on Marble, Slate, Granite, Limestone and Tile. Fine Stone Cleaner and Protector contains a powerful combination of surfactants and solvents with the ability to actually break down grease and grime, removing it from the soiled surface and suspending it so it can easily be washed away. Stone and tile surfaces are left squeaky clean with minimal scrubbing required. ForceField® Fine Stone Cleaner and Protector is an excellent pre-clean treatment for surfaces prior to the application of a protective sealant.

HOW & WHY GROUT SEALANT WORKS

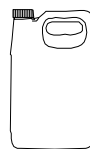

ForceField® Fine Stone Cleaner and Protector has a combination surfactants and solvents that deep clean and cuts grease and soil. It also enhances surface protection.

APPLICATIONS

Thoroughly spray ForceField® Fine Stone Cleaner and Protector over surfaces to be cleaned. Allow 1 to 2 minutes for the breakdown of grease and grime to occur. Gently scrub the surface with a soft nylon brush, non-abrasive sponge or a mop to loosen soil. For best results rinse surfaces with clean water and either towel dry or air dry.

- **Cuts Grease and Soil**
- **Use on Marble, Slate, Granite, Limestone and Tile**
- **Enhances Surface Protection**
- **Leaves Surfaces Squeaky Clean**
- **Easy to Apply**
- **Covers Up to 1,000 Square Feet**
- **No Mixing Ready to Use**
