

### OVERVIEW

ForceField® SoilBlaster™ Pro is the finest fabric and fiber cleaner on the market today. SoilBlaster™ Pro removes the toughest soils and stains from water-safe materials. Even old stains come clean. More than its ability to effectively clean, what makes SoilBlaster™ Pro so special is that stains will not reappear after cleaning, and the cleaned area will actually repel dirt and grime to prevent re-soiling. There is no reason to rinse.

### HOW & WHY SOILBLASTER™ PRO WORKS

Most cleaning solutions are based upon cationic chemistry, that is, they contain positively charged cleaning agents. Although they may clean with varying degrees of success, they leave behind a positively charged residue. This residue acts like a magnet and attracts soils and dirt (which are negatively charged), causing re-soiling of the area. SoilBlaster™ Pro is different. By combining specially selected nonionic and anionic surfactants with our unique fluorocarbon anti-soiling chemistry, SoilBlaster™ Pro is able to deep clean fabric fibers while leaving a protective treatment on the surface and eliminating the soil-attracting residues that other cleaners leave behind. SoilBlaster™ Pro not only cleans, it helps carpets, rugs, upholstery, clothing, and other fibers to stay cleaner, longer.

### APPLICATIONS

Always test for compatibility with, and the colorfastness of, the surface to be cleaned by applying a small amount of the product to an inconspicuous area. SoilBlaster™ Pro can be used on all water-safe fabrics, including upholstery, clothing, carpets, rugs, car mats, cushions, and more. SoilBlaster™ Pro can be diluted and used as a spotter, a pre-spray, in truckmounts supply tanks or other types of carpet cleaners.

As a pre-spray allow SoilBlaster™ Pro to dwell on the area for 5 to 10 minutes to penetrate into the fibers and loosen the soil. Used as a spotter spray spot or stain, using a clean cloth or sponge blot effected area. Allow the area to dry for 15 to 30 minutes. For stubborn stains, it may be necessary to repeat the cleaning process and/or softly brush the area during application.

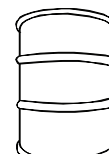

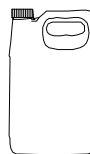

- *Penetrates Deep Into Fibers*
- *Contains ForceField® Soil Repellent & Stain Blocker*
- *Removes Both Oil- and Water-Based Stains*
- *Stains Will Not Reappear*
- *C.R.I. & WoolSafe® Approved – Safe for Carpets*
- *Use in Extraction Cleaners*
- *Protective Barrier Prevents Re-Soiling*

### Available in the Following Sizes

1 Gallon

5 Gallon
