2 HOUR FIRE ASSEMBLY - WOOD FLOOR / GYP CEILING

TYPICAL FLOOR ASSEMBLY: 3/8" PLYWOOD
JOIST: 2" X 8"
CEILING: 1/8" TYPE X GYPSUM BOARD

TO ACHIEVE 2 HOUR FIRE RATING:
Apply 30 mil thickness (dry) of Forcefield® Fireguard® E-84 to underside of plywood and all exposed wood joists. Allow sufficient time for product to cure, to insure that no additional gassing occurs. Attach 1/8" type X gypsum board and apply 30 mil thickness (dry) of Forcefield® Fireguard® E-84 to underside of gypsum ceiling.
