- Brightens and Preserves Finishes
- Leaves no Sticky or Dulling Residues
- Safe for Polyurethane Finished Hardwoods, Laminates, Ceramic and Vinyl Flooring
- No Need to Rinse
- Removes Scuffs, Dirt and Grease

OVERVIEW

TOTALCARE® Hard Surfaces FLOORING CLEANER is specially formulated for cleaning all types of hard surface flooring including Hardwoods (with polyurethane finish), Ceramics, Laminate and Vinyl Flooring. It is ideal for removing dirt, grease, and scuffs. Leaves floors sparkling clean with no sticky or dulling residue. This product is designed to be diluted based upon the extent of soiling present. Concentrate makes up to 64 quarts, SUPER Concentrate makes up to 128 gallons.

HOW & WHY TOTALCARE® HARD SURFACES FLOORING CLEANER WORKS

While other cleaners can clean with varying degrees of success, they may leave behind a residue. This residue can act like a dirt magnet and attract soils and dirt, causing re-soiling of the area. **TOTALCARE® Hard Surfaces FLOORING CLEANER** is different. By combining specially selected nonionic and anionic surfactants with our unique fluorocarbon anti-soiling chemistry, **TOTALCARE® Hard Surfaces FLOORING CLEANER** is able to clean floors while leaving a protective treatment on the surface and eliminating the soil-attracting residues that other cleaners can leave behind. Because of this, it helps floors to stay cleaner, longer.

APPLICATIONS

To be used in daily or weekly floor maintenance care.

Microfiber Mop Cleaning: Lightly mist a 4' x 4' area of floor surface. Do not saturate floor. Using a back and forth motion, wipe mist off of the floor with a clean microfiber mop.

Floor Scrubber/Electric Floor Cleaner: Choose appropriate dilution for level of soil present and follow manufacturer's instructions for operation of equipment.

DILUTION RATES

TOTALCARE® Hard Surfaces FLOORING CLEANER Concentrate (32 oz.)

Light Soil – ½ oz./Qt. Moderate Soil – 1 oz./Qt. Heavy Soil – 2 oz./Qt.

TOTALCARE® Hard Surfaces FLOORING CLEANER SUPER Concentrate (Gallon)
