

TOTALCARE

Environmental Friendly "Green" Carpet STAIN & SOIL Remover – Concentrate

OVERVIEW

TOTALCARE® "Green" Carpet STAIN & SOIL Remover is U.S. E.P.A. approved for its DfE Design for the Environment Program, recognizing safer chemistry. In addition to being environmentally friendly this formula provides superior cleaning power and is approved for use on both commercial and residential stain resistant carpet, rugs, wool, and water safe fibers. **TOTALCARE® "Green" Carpet STAIN & SOIL Remover** can remove the toughest soils and stains, even old stains will come clean. Beyond its ability to effectively clean, what makes **TOTALCARE® "Green" Carpet STAIN & SOIL Remover** so special is that it provides protection against reoccurring spots. There is no need to rinse after use as this product leaves carpet fibers soft, never stiff or sticky. **TOTALCARE® "Green" Carpet STAIN & SOIL Remover** is formulated for superior performance as a spot cleaner, pre-spray extraction cleaner, or as an interim product for the encapsulation process.

HOW & WHY TOTALCARE® "GREEN" CARPET STAIN & SOIL REMOVER WORKS

While other cleaners can clean with varying degrees of success, they may leave behind a residue. This residue can act like a dirt magnet and attract soils and dirt, causing re-soiling of the area. **TOTALCARE® "Green" Carpet STAIN & SOIL Remover** is different. By combining specially selected nonionic and anionic surfactants with our unique anti-soiling chemistry, **TOTALCARE® "Green" Carpet STAIN & SOIL Remover** is able to deep clean carpet fibers without the worry of re-soiling. **TOTALCARE® "Green" Carpet STAIN & SOIL Remover** does not have the soil-attracting residues that many other cleaners can leave behind. In short, **TOTALCARE® "Green" Carpet STAIN & SOIL Remover** is an excellent cleaner for those interested in getting the best from a green cleaner. It helps carpets, rugs, and other fibers to stay cleaner, longer.

APPLICATIONS

Always test the surface to be cleaned for compatibility, and colorfastness, by applying a small amount of the diluted **TOTALCARE® "Green" Carpet STAIN & SOIL Remover** to an inconspicuous area.

Spotter: Dilute 1:10 with water. Spray soiled area with diluted **TOTALCARE® "Green" Carpet STAIN & SOIL Remover**, agitate, and blot with a clean white cloth. Allow the area to dry for 15 to 30 minutes. For stubborn stains, it may be necessary to repeat the cleaning process. If needed, softly brush the area during application.

Pre-Spray: Dilute 1:32 with water. Pre-spray diluted **TOTALCARE® "Green" Carpet STAIN & SOIL Remover** at 200 sq. ft per gallon. Agitation is recommended. Allow to dwell on the area for 5 to 10 minutes to penetrate into the fibers and loosen the soil. (Do not allow product to dry.) Extract using only clean hot water.

Encapsulation: Dilute 1:32 with water. Pre-spray diluted **TOTALCARE® "Green" Carpet STAIN & SOIL Remover** at 1000 sq. ft per gallon. Use appropriate equipment for agitation (counter cylindrical brushes recommended). A post vacuum is recommended after drying.

Available in the Following Sizes

32 oz. Concentrate

1 Gallon Concentrate

5 Gallon Concentrate
