** EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice label signifies that the product's formula, as Shield Industries has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than convention products of the same type. EPA/Safer Choice relies solely on Shield Industries, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in a product formula, nor evaluated any of Shield Industries non-ingredient claimants. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice Standard and based on currently available information and scientific understanding.*

OVERVIEW

TOTALCARE® "Green" Hard Surfaces FLOORING CLEANER is U.S. E.P.A. approved for its EPA/Safer Choice Program, recognizing safer chemistry. This environmentally friendly product is specially formulated for cleaning all types of hard surface flooring including Hardwoods (with polyurethane finish), Ceramics, Laminate and Vinyl Flooring. It is ideal for removing dirt, grease, and scuffs. Leaves floors sparkling clean with no sticky or dulling residue. This product is designed to be used at full strength as packaged. There is no need to rinse this product.

HOW & WHY TOTALCARE® "GREEN" HARD SURFACES FLOORING CLEANER WORKS

While other cleaners can clean with varying degrees of success, they may leave behind a residue. This residue can act like a dirt magnet and attract soils and dirt, causing re-soiling of the area. TOTALCARE® "Green" Hard Surfaces FLOORING CLEANER is different. By combining specially selected nonionic and anionic surfactants with our unique anti-soiling chemistry, TOTALCARE® "Green" Hard Surfaces FLOORING CLEANER is able to clean floors while leaving a protective treatment on the surface and eliminating the soil-attracting residues that other cleaners can leave behind. Because of this, it helps floors to stay cleaner, longer.

APPLICATIONS

To be used in daily or weekly floor maintenance care.

Microfiber Mop Cleaning: Lightly mist a 4' x 4' area of floor surface. Do not saturate floor. Using a back and forth motion, wipe mist off of the floor with a clean microfiber mop.

Floor Scrubber/Electric Floor Cleaner: Choose appropriate dilution for level of soil present and follow manufacturer's instructions for operation of equipment.

DILUTION RATES

TOTALCARE® Hard Surfaces FLOORING CLEANER Concentrate (32 oz.)
 Light Soil – ½ oz./Qt. Moderate Soil – 1 oz./Qt. Heavy Soil – 2 oz./Qt.

TOTALCARE® Hard Surfaces FLOORING CLEANER SUPER Concentrate (Gallon)
